#### Day 1: #READY to Integrate HIV and SRHR Services

[Join via Zoom](#)

##### Overview

This live webinar from Day 1 of the Summit will provide a regional update on adolescent HIV, progress and priorities and will discuss examples of adolescent service delivery models that are promising and scalable for HIV integration with sexual and reproductive health and rights (SRHR) services. This includes the Mildmay Uganda model of providing adolescent SRHR services and the Médecins Sans Frontières youth care club model of integrating clinical and psychosocial care for adolescents.

##### Speakers

- Pumeza Runeyi, *Médecins Sans Frontières, South Africa*
- Dr Violet Nabette, *Mildmay Uganda*
- *UNICEF Regional Office for Eastern and Southern Africa*

#### Day 2: #READY to Reach and Serve All

[Join via Zoom](#)

##### Overview

The live webinar from Day 2 will focus on strategies, policies and programmes to ensure stigma-free gender-sensitive services for the most marginalised young populations. The speakers will discuss unique challenges faced by young mothers living with HIV, the inclusion of boys and young men in HIV programming and the use of school models as a promising entry point to provide integrated HIV-SRHR services for all adolescents and young people.

##### Speakers

- Angelica Pino, *Sonke Gender Justice, South Africa*
- Najma Shaikh, *Kheth'impilo, South Africa*
- Nyasha Sithole, *ATHENA Network, Zimbabwe*

#### Day 3: #READY for Clinic-Community Collaboration

[Join via Zoom](#)

##### Overview

The final webinar from Day 3 will discuss key takeaways from the Summit with a focus on the importance of community engagement and partnership. The speakers will highlight a partnership model for differentiated service delivery and the importance of health provider partnership with young people for self-management, the impact of meaningful engagement with youth networks and the role of clinic-community collaboration in HIV prevention.

##### Speakers

- Cedric Nininahazwe, *Y+, South Africa*
- Dr Immaculate Mutisya, *Centers for Disease Control and Prevention, Kenya*
- Jessica Rodrigues, *AVAC, United States of America*
