

## COVID-19 & HIV KNOWLEDGE HUB

### DIAGNOSTICS PAGE PUBLIC RESOURCES LIST

Jan 2021

CATEGORY	SOURCE	RESOURCE LINK
Global Partnership	WHO	Grounded in a vision of a planet protected from human suffering and the devastating social and economic consequences of COVID-19, an initial group of global health actors, private sector partners, and other stakeholders have launched a global and time-limited collaboration to accelerate the development, production and equitable global access to new COVID-19 essential health technologies, including vaccines, therapeutics and <b>diagnostics</b> . <b>Watch the latest COVID-19 ACT-Accelerator Technical Update and Press Briefings <a href="#">here</a>.</b>
VIP resource	WHO	<a href="#">SARS-CoV-2 antigen-detecting rapid diagnostic tests: an implementation guide</a> (more info/related items <a href="#">here</a> )
Webinars and Courses	Future Learn <b>FREE COURSE!</b>	<a href="#">COVID-19: Diagnostics and Testing</a>
	ICAP - Columbia University Mailman School of Public Health	<a href="#">Grand Rounds Webinar – A Rapidly Evolving Landscape: Coronavirus Tests for Diagnosis, Surveillance and Vaccine Efficacy</a> (Apr 23)
	ASLM - African Society for Laboratory Medicine	The <a href="#">Africa Centres for Disease Control and Prevention</a> , in collaboration with <a href="#">ASLM</a> , are implementing online, post-training examinations to help Member States roll out their Biosafety and Biosecurity Training of Trainers and follow-up step down trainings in the context of COVID-19. To support these trainings, the ASLM Academy is hosting and administering post-training examinations online via <a href="#">ASLM's Academy website</a> . The online examinations are facilitating the region's effort to have similar trainings taking place in multiple locations with minimum COVID-19 disruptions. The availability of a downloadable qualifying certificate immediately after the examinations allows participants to receive immediate recognition.
