

ARIANA TRAN

POSITION

- Director of VENUS Social Enterprise Community.
- President of Vietnam Network of Young Key Affected Population (VYKAP).
- Executive board member of Youth LEAD (2022 -2024)
- The Member Official of CCM Vietnam for Global Fun (2023 – 2025): Representative of the young transgender community

Duties of CCM Vietnam members

Representing the voice of KP and AYKP

**Contribute ideas and protect the rights of
key communities in GF-sponsored projects
(TB, malaria, HIV)**

**Monitor, supervise and evaluate the
effectiveness of the Global Fun project**

Issue & Solution

- In previous terms, there has not been a strong participation of AYKP.
- For the transgender women community, it is still not considered a priority issue in HIV prevention and treatment.

- GF period 2021-2023, piloting outreach and prevention for transgender women.
- In addition, the results showed that the HIV-infected group was the YKP group.

We have strongly suggested that AYKP should be represented and TG should be represented as members of the CCM.
