

Inti Muda Indonesia

Instructive Network to Create Involvement of Young Key Population in Indonesia

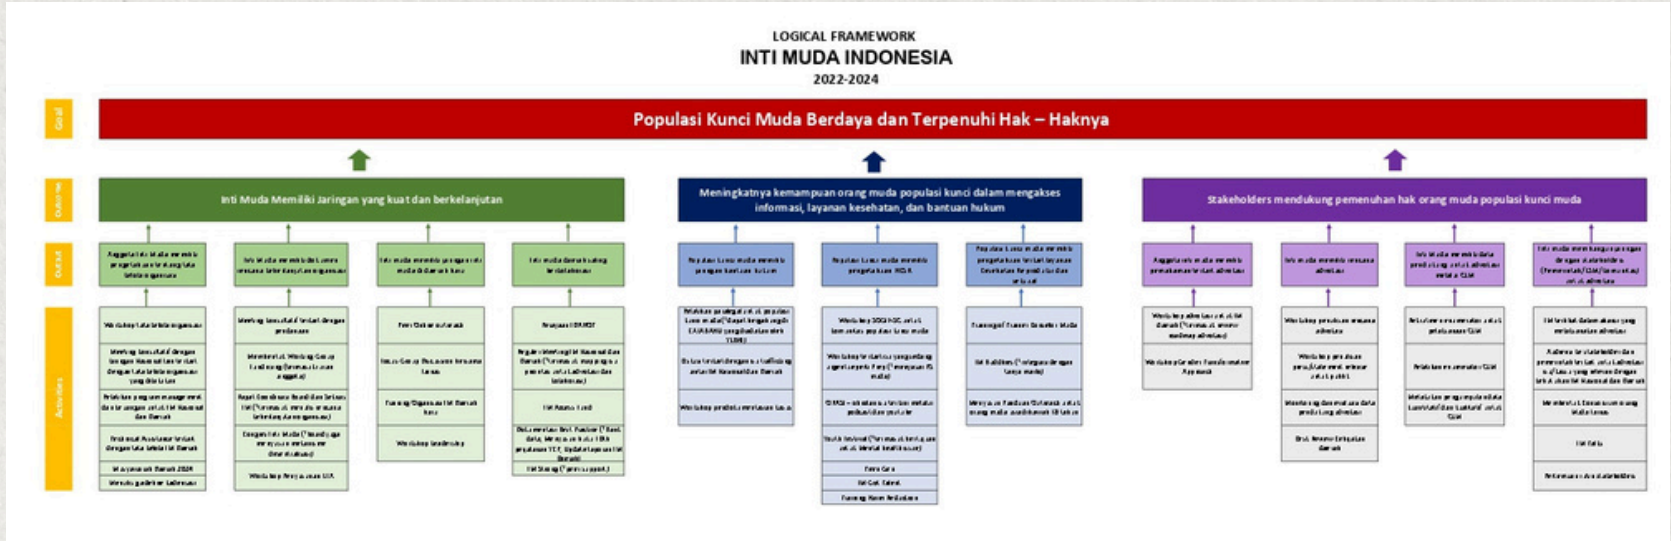

Goals: “*Young key populations are empowered and have their rights fulfilled*”

Coverage

Scope of work

What are some of Inti Muda's key principles when conducting M&E to protect young key populations' data?

- Considerate participation, flexibility, and inclusion to all.
- Data segregation (age, key populations, gender, & geographic background).

M&E tools/measurement: Logical framework, Timesheets, Evaluation form, Pre-Post Test, Activity Report, Quater & Annual Report, etc.

Area: Project, Activities, Monthly work progress,
